

# Bathroom Design Service

Our Cardiff based lifestyle store is home to some of the world's leading bathroom brands, our professional team of qualified interior designers have been **nominated for a number of industry design awards and our showroom is winner of Bathroom Showroom of the year 2015**; so we are well placed to assist you whether you are looking to update your cloakroom, create a home spa or luxury ensuite.

**Our 'in store' advice is always free of charge, we also offer a free of charge in house bathroom design service\*.**

*But...*

If you would like to take the stress out of the process, and would **rather a designer visit you, for a small refundable\*\* fee of £200.00 we can arrange this.** A visit includes;

- Survey of the space
- Sit down chat with a designer about your preferences and budget
- The designer will then return to the showroom to create your dream bathroom
- During the design process your designer will explore various options for you
- Once the best scheme has been settled on you will be invited to your presentation in store where over a tea or coffee we will show you the selected layout, samples, visuals and the items which will create your new room!
- At the in store meeting your designer will take on any feedback and if necessary adjust the layout or scheme to reflect personal preferences, wherever possible this will be done during the meeting

Your designer will be on hand during the entire process through from inception to completion, liaising with installers and remain your point of contact throughout.

If your project does not fit the services detailed above but you would still like us to be involved in your project please contact the showroom directly and speak to a designer today who will endeavour to explore the ways in which we can help.

\* The free in house design service requires clients to bring in dimensions of the space they wish to have designed. Through our free of charge in house bathroom design service plans, visuals and working drawing are only issued on receipt of order.

\*\*£200 design fee refundable on purchases over £3500.00 inc VAT. Additional rooms would be subject to a lower design fee of £100 per additional room whether that is bathrooms or interiors. Through our chargeable design service plans, visuals and working drawings are issued at the point of final design being agreed with client.
